With the support of the Erasmus+ Programme of the European Union

BIOCEB INDUCTION WEEK [Online]

for the Erasmus Mundus Bioceb students

Dear students,

The Bioceb Consortium has the pleasure to welcome you in the Erasmus Mundus Bioceb Programme, renowned for its academic excellence and international mobility. It will provide you a multidisciplinary scientific knowledge base and a shared culture in the field of agro-resources and their conversion through biorefinery processes.

The University of Reims Champagne-Ardenne is delighted to welcome all international students for their first semester (S1) during the « **BIOCEB INDUCTION WEEK** » which will be held online from 24 August to 28 August 2020.

Depending on your time zone, some activities are organised in smaller groups. You will be part of a group (number 1 or 2). Please check it to access the right event during this week.

You will be given the opportunity to familiarize rapidly with the City of Reims, the Region, and the University. You will get a lot of information step by step in real time, a lot of activities will take place and you will also meet international and local students.

Monday 24.08.2020

(On-site organisation if the health situation allows)

*This is your first day as a Bioceb student!
Excited to start this Induction Week? Let's go!*
